Reasonable and Necessary Services Rendered by Epiq

17. The foregoing professional services rendered by Epiq on behalf of the Debtors during the Final Fee Period were reasonable, necessary and appropriate to the administration of the Debtors' Chapter 11 cases and related matters.

18. Epiq is one of the country's leading Chapter 11 administrators, with experience in noticing, claims administration, solicitation, balloting and facilitating other administrative aspects of Chapter 11 cases. As a specialist in claims management, consulting and legal administration services, Epiq provides comprehensive solutions to a wide variety of administrative matters for Chapter 11 cases, and has substantial experience in matters of this size and complexity. Overall, Epiq brings to these Chapter 11 cases a particularly high level of skill and knowledge, which inured to the benefit of the Debtors and all stakeholders.

19. During the Final Fee Period, Epiq consulted and assisted the Debtors in several phases of these Chapter 11 cases. To this end, as set forth in detail in Exhibit H of the Application, numerous Epiq professionals expended time rendering services on behalf of the Debtors and their estates.

20. During the Final Fee Period, Epiq's hourly billing rates for the professionals responsible for managing the Debtors' Chapter 11 cases ranged from \$44.10 to \$300.00. Allowance of compensation in the amount requested would result in a blended hourly billing rate for professionals of approximately \$176.94 (based on 430.60 recorded hours at Epiq's regular billing rates in effect at the time of the performance of services). The hourly rates and

corresponding rate structure utilized by Epiq in these Chapter 11 cases are generally equivalent to the hourly rates and corresponding rate structure predominantly used by Epiq for comparable matters, whether in Chapter 11 or otherwise, regardless of whether a fee application is required.

Epiq's Requested Compensation and Reimbursement Should be Allowed

21. Section 331 of the Bankruptcy Code provides for compensation of professionals and incorporates the substantive standards of section 330 of the Bankruptcy Code to govern the Court's award of such compensation. Section 330 of the Bankruptcy Code provides that a court may award a professional employed under section 327 of the Bankruptcy Code "reasonable compensation for actual, necessary services rendered and reimbursement for actual, necessary expenses." Section 330 of the Bankruptcy Code also sets forth the criteria for the award of such compensation and reimbursement:

22. In determining the amount of reasonable compensation to be awarded, the court should consider the nature, extent, and the value of such services, taking into account all relevant factors, including:

1. the time spent on such services;
2. the rates charged for such services;
3. whether the services were necessary to the administration of, or beneficial at the time at which the service was rendered toward the completion of, a case under this title;
4. whether the services were performed within a reasonable amount of time commensurate with the complexity, importance, and nature of the problem, issue, or task addressed; and

5. whether the compensation is reasonable based on the customary compensation charged by comparably skilled practitioners in cases other than cases under this title.

23. In the instant case, Epiq respectfully submits that the services for which it seeks compensation in the Application were necessary for and beneficial to the Debtors and their estates and were rendered to protect and preserve the Debtors' estates. Epiq respectfully submits that the services rendered to the Debtors were performed economically, effectively and efficiently and that the results obtained to date have benefited not only the Debtors but all stakeholders in the Debtors' Chapter 11 cases. Epiq further submits that the compensation requested herein is reasonable in light of the nature, extent and value of such services to the Debtors, their estates and all parties in interest.

24. Epiq's professionals spent a total of 430.60 hours during the Final Fee Period, which services have a fair market value of \$76,188.74. As demonstrated by the Application and the exhibits submitted in support hereof, Epiq spent its time economically and without unnecessary duplication. In addition, the work conducted was carefully assigned to appropriate professionals according to the experience and level of expertise required for each particular task. In summary, the services rendered by Epiq were necessary and beneficial to the Debtors and their estates, and were consistently performed in a timely manner commensurate with the complexity, importance, novelty and nature of the issues involved.

25. Accordingly, Epiq respectfully submits that approval of the compensation and expense reimbursement sought herein is warranted.

26. No prior application for the relief requested herein has been made to this or any other court.

WHEREFORE, Epiq requests that allowance be made in the sum of \$6,501.78 as compensation for necessary professional services rendered to the Debtors for the Monthly Fee Period, and the sum of \$0.00 for reimbursement of actual necessary costs and expenses incurred during that Monthly Fee Period, and final allowance be made to it in the sum of \$76,188.74 as compensation for necessary professional services rendered to the Debtors for the Final Fee Period, and the sum of \$111,614.51 for reimbursement of actual necessary costs and expenses incurred for the Final Fee Period, and further requests such other and further relief as this Court may deem just and proper.
